Covid 19 Brothers Safaris Disclaimer of Liability:

When travelling with Brothers Safaris your safety is of paramount importance to us. We have implemented various Covid -19 related safety measures, processes and procedures (“Infectious Diseases: Health and Safety Protocol”) at our lodges and camps to ensure we create an environment that is both safe and hygienic when you stay with us, which protocol was developed by taking guidance from guidelines and hygiene policies prescribed and published by the World Health Organisation. Should you wish to view our Infectious Diseases: Health and Safety Protocol, please request this information from any of sales or reservation team and we will share this information with you.

Your itinerary may include accommodation services at properties (i.e. accommodation at non Brothers Safaris branded lodges and /or camps) and / or ancillary services such as transfers, tours, and activities that will not be provided by Brothers Safaris but by independent third party owners and / or operators that are not owned and / or managed by Brothers Safaris (“Third Party Service Providers”). Whilst all Third Party Service Providers of Brothers Safaris have committed to implement similar processes and procedures as to our Infectious Diseases: Health and Safety Protocol to try and protect guests making use of their services, Brothers Safaris is not in a position to validate or dictate their health and safety protocols which will vary between Third Party Service Providers. As a result we cannot confirm the standard to which Third Party Service Providers protocols adhere to and as such we cannot accept any form of liability (in the broadest terms) should you (or any member of your party) contract an infectious disease (including Covid-19) when using the services of a Third Party Service Provider. The same will apply in respect of public areas (i.e. landmarks, public venues, sightseeing venues, etc.) which you may wish to visit whilst staying at either our lodges / camps or properties owned by Third Party Service Provider as neither Brothers Safaris nor Third Party Service Providers have any control over health and safety protocols followed at public areas or any action(s) of a member of the public which may cause an infection of an infectious disease.

As with any protocol the measure of success in implementing a process or procedure under a protocol will be determined by the level of compliance and adherence to the relevant processes and procedures prescribed by the relevant protocol. Whilst Brothers Safaris will ensure full compliance by its management, employees and contractors with the Infectious Disease: Health and Safety Protocol, Brothers Safaris cannot accept any liability in the event of a guest(s) contracting an infectious disease (including Covid 19) as a direct or indirect result of complying or adhering to Brothers Safaris’s Infectious Diseases: Health and Safety Protocol.
