

The Safari & Conservation Company (SCC) has been formed through the passion and experience of the Roberts and Dyer families, third generation Kenyans, who have lived and worked in Kenya, and been involved in tourism, wildlife management, aviation and conservation for the past 40 years.

We are the reservations office Borana Lodge, Laragai House and Manda Bay. In addition to the properties, we offer ground handling service and personalized travel itineraries within the East African region. Whether it be horse riding under Mt. Kenya, gorilla trekking in Rwanda or visiting remote and unusual destinations, we have a large network of contacts for developing custom-built itineraries.

As a conservation-based company, SCC strives to bring awareness and respect to the fragile eco-systems in which we operate. With this in mind, all our itineraries focus on providing our guests with the best Africa can offer, not just wildlife but also specialising in providing safaris that are unique and have a real air of 'adventure'.

SCC can provide a number of services to you, including:

- Conservation-based itineraries across East Africa, and specialising in Kenya: we aim to give our guests a chance to meet conservationists, stay in 5* accommodation and see the best wildlife the region has to offer.
- Flying safaris: privately guided, by SCC Director [Andy Roberts](#), to show you the best of what East Africa has to offer from up above.
- Safaris across Africa, to a number of locations including Kenya, Tanzania, Uganda, Rwanda and DRC.
- Reservations for [Borana Lodge](#), [Laragai House](#) and [Riding Wild](#).
- Reservations for [Manda Bay](#) in Lamu, which is back to full capacity after the travel ban was [lifted](#) in March 2017.

SCC is an industry leader and has strong, personal relationships with many lodges and camps across the region. With this in mind, our safaris do not end with our own lodges, however a mixture of both SCC lodges and others can be woven together for a completely unique experience.

The Safari & Conservation Company offices are located at Magadi Tenting Centre, Seminary Road, off Magadi Road, Langata. SCC is a member of [ATTA](#) and [Eco-tourism Kenya](#) and is a fully insured and licensed ground handler.
