

## GROUP GSXA-1 CAMPING FOR 2 PAX

---

### Description:

Safety is paramount, with ABS (anti lock brakes), ESC (Electronic Stability Control), driver & passenger airbags and traction control. Inside and out the fresh approach to design is evident. The dashboard and door trim creates an open and spacious feel. Levers inside the back doors enable you to lower the rear seats with ease, if you want to extend the storage space for your luggage or treasures you have collected on your travels.

---
