

CURAH Africa – Safari Gear Recommendations (updated: September 26, 2026)

Safari Travelers,

As you prepare for your upcoming safari adventure, we want to share a few optional travel items that many of our guests have found helpful during their journey.

While **none of these items are required**, they can make your travels more comfortable and convenient, you can also browse different options to match your personal preferences:

Suggestion Items:

[Wide-brim safari hat for sun protection during game drives](#)

[Lightweight quick-dry pants \(men's\) | \(women's\)](#)

[Safari Shirt Long Sleeves \(women's\) | \(men's\)](#)

[Travel medicine kit and basic first aid supplies](#)

[Insect repellent wipes for added protection during outdoor activities](#)

[TSA-approved luggage locks](#)

[South Africa power adapter and/or universal travel adapter](#)

[Universal Travel adapter \(not for South Africa\)](#)

[45 Liter Soft-sided duffel bag Max 16" W x 12" H x 24" L](#)

For additional packing suggestions, luggage guidance, and safari travel tips, please visit our Safari Packing Guide: <https://curahtravel.com/what-to-pack-for-a-safari-adventure/>

As always, please feel free to reach out if you have any questions about what to pack, luggage requirements, weather expectations, or anything else related to your trip. We're here to help ensure you're fully prepared for an incredible safari experience. CURAH Travel Team.
